The multi-function display is a perfect solution for higher education classrooms, seminar rooms, and corporate meeting rooms.

Optical Bonding

4K

Resolution
4K@60Hz

Object Recognition

Dynamic USB

Ultralight Weight

VN Series 65" 75" 86"

newline

Newline's new generation **VN Series** features upgraded IR touch technology that is more responsive and offers the most intuitive and smoothest writing experience. Available in 65", 75" and 86".

Low consumption

Energy Star certified
(65" and 75" models)

Touch precision and complete viewing angle
Optical Bonding technology eliminates the gap between surface glass and display, resulting in a 178° viewing angle and better touch precision.

Best video resolution
Experience more colors, better contrast and a higher resolution with a superb 4K@60Hz quality video. Capture your audience's attention when showing videos, images and presentations.

Ultralight Weight
VN Series is the Lightest Display on the Market (14-25% less than other touchscreens).

Share content
VN Series allows you to connect and present wireless anytime, anywhere.

Create and interact
Choose or combine the way to annotate (stylus or fingers) thanks to the object recognition.

Make notes on documents, videos, apps, websites, etc.
RS Series is also compatible with

WINDOWS INK

Other features:

Integrated Speakers

Anti-Glare glass

3 year warranty

Compatible with
Windows, Android, Mac OS and ChromeBook

and Education and Corporate Software

Connect everything you need

Front and rear multiple connections: HDMI, USB, DisplayPort, RS232, RJ45.

Access to the content of the USB

no matter which OS you are in, thanks to the Dynamic USB. Less devices, no cable mess.

Play any file (videos, images, audio files, documents, etc.) directly from any external USB drive.

Advanced built-in meeting system

Several apps installed; a calendar for remote meetings planning, or the ability to save notes in the cloud or local drive. Productivity made easy!

Interactive **whiteboard** with a wider variety of resources.

Many people **sharing ideas** at the same time, up to 20 touch points.

Improve the user experience
The Smart System helps the collaboration process to be adapted to the users.

Become faster and more productive with the **customizable** user interface.

Android Box X10D (Optional)

Connect the X10D to the touchscreen and enable app download from built-in Google Play Store.

- Android 6.0
- 8 core 64-bit
- Supports 4K@60fps

OPS PC (Optional)

Adding a new generation OPS PC you can turn your touchscreen into a Windows PC.
